

## **Alliance des Patients pour la Santé**

Alliance des Patients pour la Santé is a coalition of patient organizations and likeminded stakeholders whose objectives are to elevate the patient voice so that active consultation and participation of patients is included in initiatives and projects focused on improvement of healthcare and social services in the province of Québec.

### **During 2022:**

- GSK provided \$8,000 of project funding to support the development and implementation of a survey on immunization.
- Our support represented 10% of their overall income.

## **Asthma Canada**

Asthma Canada seeks to empower every child and adult in Canada with asthma to live an active and symptom-free life. Their mission is to be the balanced voice for asthma in Canada, advancing optimal self-management, prevention, research, and health care.

### **During 2022:**

- GSK provided \$95,000 of core funding to support advocacy and patient education activities.
- GSK provided \$15,000 of project funding to support education and disease awareness activities.
- Our support represented 11% of their overall income in 2022.

## **Best Medicines Coalition (BMC)**

The Best Medicines Coalition (BMC) is a national alliance of Canadian patient organizations and individual patient advocates who share a commitment to ensuring safe, timely and equitable access to evidence-based medicines for all Canadians. Representing millions of patients living with or affected by chronic disease or other illnesses, the organization is engaged in a range of related policy discussions, including pharmaceutical review, reimbursement, treatment, life cycle management and safety issues.

### **During 2022:**

- GSK provided core funding of \$45,000 to support advocacy and policy initiatives on patient access and reimbursement pathways.
- Our support represented 13% of their overall income.

## **Canadian Arthritis Patient Alliance (CAPA)**

CAPA is a grass-roots, patient-driven, independent, national organization with a community of individuals across the country, believing that the first expert on arthritis is the person who lives with arthritis and provides a critical voice and perspective that needs to be heard by researchers and decision-makers (and others who contribute to policy development that impacts us directly). CAPA uses the power of information, research, and communication to help people living with arthritis find their voice and to support others.

### **During 2022:**

- GSK provided project funding of \$5,000 for development of a webinar on immunization for patients living with auto-immune disease.
- Our support represented 25% of their overall income.

## **Canadian Cancer Survivor Network (CCSN)**

CCSN was created by a group of Canadians concerned about cancer and cancer survivorship issues. A network of patients, survivors, friends, families, community partners and sponsors will work together taking action to promote the very best standard of care, support, follow up and quality of life for patients and survivors.

### **During 2022:**

- GSK provided a donation of \$10,000 in memoriam.
- Our support represented 2.5% of their overall income.

## **People Before Patients**

People Before Patients is an organization dedicated to humanizing health care through innovation in research, education and practice. People Before Patients was formerly known as the Canadian Caregiver Network. This change in the organization's brand identity reflects a growing mission to focus on the larger health care ecosystem and how it can put people first in health care practice. Despite the broader scope of the work, caregivers remain among key stakeholders. Focus will shift towards incubating best models of practice that put patients and family members at the centre of care with a view on optimizing practice and improving health outcomes.

### **During 2022:**

- GSK provided core funding of \$25,000 to support the growing mission and development of models of practice.
- Our support represented 2.5% of their overall income.

## **Lung Health Foundation**

The Lung Health Foundation is a leading not-for-profit health organization dedicated to ending gaps in the prevention, diagnosis, and care of lung disease in Canada. They invest in the future by driving groundbreaking research and give patients and their families the programs and support they need today.

### **During 2022:**

- GSK provided core funding of \$70,000 to support their initiatives.
- GSK provided a sponsorship of \$15,000 for their Better Breathing conference.
- Our support represented less than 1% of their overall income.

## **The Lung Association – New Brunswick**

New Brunswick Lung Association (NB LUNG) is a registered charity (No. 107 769 044 RR0001) and is no longer associated with the Canadian Lung Association. NB LUNG's work today remains grounded in lung health, addressing challenges from smoking and vaping, communicable and hereditary lung disease including cancer, indoor and outdoor air quality and pollution, and climate change.
